PUBLIC NOTICE

February 7, 2022

Columbia Gas of Ohio will continue work on their gas main line replacement project affecting several city streets. The following is a tentative schedule for the upcoming roadwork:

Monday, February 7, 2022 – Friday, February 11, 2022

Saw cutting across Offnere Street at the 5th Street intersection. Flaggers will be utilized to route traffic around on Offnere Street. Saw cutting will continue down the North side of 5th Street from Offnere Street to Brown Street. The contractor (R&R Pipeline) has been in contact with Portsmouth Police about blocking off parking along sections of the north side of 5th Street while saw cutting is taking place. Flaggers will be utilized route traffic around.

Digging and installing main line on 6th Street between Offnere Street & Glover Street, which will be CLOSED during this time. Road closure duration is 3 days. Signage will be posted.

Digging and installing main line across Offnere Street at 6th Street intersection. Flaggers will be utilized to route traffic around.

Digging and installing main line across Offnere Street at the 4th Street intersection. Flaggers will be utilized to route traffic around on Offnere Street. 4th Street will be CLOSED between Glover Street and Offnere Street. Road closure duration is 1 day. Signage will be posted.

Pouring temporary concrete in ditch lines at all new main line installation locations. Flaggers will be utilized to route traffic around.

R&R Pipeline, Inc. will be performing the work.

Respectfully,

Nathan Prosch, P.E.
City Engineer
